

Free Eye Camp
Chachro, District Tharparkar Sindh
14-16 January, 2018

Introduction:

Fakhr-e-Imdad Foundation (FIF), since its inception, is striving to provide education and healthcare services in rural areas of Sindh. As a sequence of its regular and core activity to conduct health camp program, FIF has organized Free Eye Camp from 14-16 January, 2018 at Taluka Hospital Chachro, in District Tharparkar, Sindh. This free eye camp benefited 445 patients in OPDs while 162 screened patients were offered surgeries.

Camp Proceedings:

- A week before the actual camp date, FIF volunteers distributed handbills and conducted megaphone announcements in Chhachhro town and surrounding villages, regarding the date(s) of free eye camp.
- On 14th January 2018, surgery equipments were transported to the Taluka Hospital Chachro , where the camp was planned to be organized
- One 15th and 16th January 2018, the patients were registered in OPDs and screened for surgeries. Surgeries were performed to patients and food was provided to the patients and their attendants who stayed overnight in the hospital.
- A week later, the follow ups were conducted for all patients who had undergone surgeries.

Number of Beneficiaries:

445 OPDs 162 Surgeries

Eye Specialists:

Dr. Abdul Razak Shaikh
Dr. Abdul Qadir Shaikh
